FIRST LOAD OF U. S. WAR HEROES' BODIES ARRIVE FROM EUROPE

The caskets under guard on Hoboken pier.

The first of thousands of bodies of American boys killed in the world war and buried overseas, have arrived in the U. S. and will be sent to their homes for burial. The army transport "Nansemond" brought the first consignment—eighty-seven flag-draped caskets. These boys were buried in England. The bodies were under guard from the time they were taken up.

POSSE AFTER DRAFT EVADERS

Last of Four Brothers Is Surrounded in Wisconsin Swamp

WITHEE, Wis., May 1.—A large posse by led blood hounds today enveloped a swamp near here in search of Louis Krueger, for 18 months a fugitive from justice, on a charge of military draft evasion.

Brought to bay last night at the home of his mother, Mrs. Louis Krueger, the man escaped by leaping through a window amid a fusillade of bullets from possemen and took refuge in the swamp nearby.

A cordon of deputies was thrown about the swamp immediately and it is believed he is still within the circle of the deputies.

Today's activity recalls the "battle of Krueger farm" in September 1913, when Harry Jensen, station agent at Owen, was killed and four other possemen wounded, and which brought life sentences for Frank and Leslie Krueger, brothers of Louis. The two brothers are now serving their sentences in Waupun prison.

The fight at the Krueger farm in 1913 was precipitated when United States deputy marshals sought to arrest the four Krueger boys as draft evaders. The fight lasted some time. Mrs. Krueger finally surrendering, Leslie and Ennis, two other brothers escaping. Ennis was killed a few days later by a federal agent and Leslie was caught several months afterwards in Minnesota.

CENSUS STATISTICS

WASHINGTON, May 1.—Pittsburgh, 588,193. Increase 54,268, or 10.2 per cent.

Terre Haute, Ind., 65,914. Increase 7,757, or 13.3 per cent.

Joplin, Mo., 29,855. Decrease 2,218, or 6.9 per cent.

Hoaquim, Wash., 9,855. Increase 1,714, or 21.0 per cent.

MOVIES MENAGE TO LEGITIMATE

American Theatre Said to Be in Death Grapple With Picture Industry

BY H. P. BURTON.
N. E. A. Staff Correspondent.

NEW YORK, May 1.—The American theatre is in a death-grapple with the American motion picture industry, and certain authoritative observers declare that the United States may soon awake to find itself without a single new play of real merit on the boards.

This, they further predict, will be only the beginning of the strangulation of our native spoken drama by the enveloping movies, which will soon dictate the character of every stage entertainment produced in this country.

Newly-made movie magnates richer by countless millions than the old-time producers of our theatrical fare, have suddenly become the masters of Broadway.

Movie Control Spreads.

Within the week the Famous Players-Lasky Co., already in control of the major portion of the picture product of the country, has become the holder of the purse-strings of the famous Frohman Co., the John D. Williams Co., and George Broadhurst and Oliver Morosco. It has also proposed to buy out, too, Arthur Hopkins, its manager, John Barrymore, as well as the Selwyns, Sam Harris, Wm. Harris, Jr., and probably every other Broadway manager of any standing. Furthermore, the movies have now turned from the producers to the booking houses, and with what approach a half-interest in the old "syndicate" of Klaw and Erlanger, are said to be making arrangements to control the choicest bookings of the Shubert organization.

Statement Made.

In a statement made, after a conference of the independents, Edgar Selwyn said:

"Of the 50 theatres in New York, not more than 10 are owned by the independents and only five of these are in the hands of men who don't need movie money and can afford to fight the movie producer for the artistic good of the American stage."

"For, if we take orders from the movie magnates, and accept plays on their motion picture merits, then it is all over with the American drama."

"Just one thing—publicity—can stop this. The drama cannot bid against the great movie wealth. It can't be as big rentals because its cost of production is so high. The only way out is for the rich people in all the cities of America to build theatres in their respective towns to house the spoken drama of America because they believe this drama, in its best estate, is essential to the artistic life of our country."

Millions will be pitted against thousands in this new war of the theatre, but those holding the latter plan to carry their fight all across America and mobilize the drama-loving public in every great city. Only the first gun is fired; the real sensation of this national battle for the theatre are just beginning to come.

Jesse L. Lasky, first vice president of the Famous Players-Lasky Corporation, says in defense of the movie invasion:

"The action of Famous Players in helping finance plays and in securing control of various theatres is not going to hurt the stage, but is going to help it. The fact that a play is artistic in no way bars it as film material; on the contrary, if any Broadway producer puts on a production that is artistic, no matter what its commercial success may be, he will find us first to bid for its picture rights. Instead of seeking to lower standards of the legitimate drama, we seek to raise them."

"Dramatic critics have assailed theatrical managers for years as having an eye only to the box office. These are the managers who have raised the American drama to the dizzy heights of the bedroom farce, the crook melodrama and the sex play! And they are the managers who now loudly protest that our concern is seeking to drag the drama down from this high state!"

"I believe that, whoever their producers may be, good plays will continue to succeed and poor plays to fail in exactly the same proportion as they have succeeded or failed heretofore."

RELATES GAINS OF METHODISTS

DES MOINES, Ia., May 1.—The committee on episcopacy of the Methodist Episcopal quadrennial conference, organized today by naming as chairman Dr. David G. Downey, New York, the book editor of the church, and James H. Joy, editor of the Christian Advocate of New York, secretary. The committee deals with the question of naming bishops for the church.

W. E. Carpenter, of Brazil, Ind., was named chairman of the Sunday school committee, and Bishop W. O. Sheppard, Wichita, Kan., placed at the head of this committee on boundaries.

Reports on missionary work in Korea and China were made tonight by W. S. Lewis, of Shanghai and Herbert Welch of Seoul, Korea.

Strained Oriental Relations.

The strained condition between Korea and Japan has been greatly improved, according to Bishop Welch. However, the attitude of passive resistance of the Koreans toward Japanese interference continues, and there is a more determined desire for national independence than when the difficulties between these two countries first started. He stated that he had seen a number of closing Methodist schools by the Japanese, although some teachers and students have been arrested. He expressed confidence in the present Japanese government general and prophesied that Korea will occupy a position in the Japanese empire similar to that which Canada occupies in the British empire.

The Methodist church has increased forty per cent in China during the past four years, Bishop Lewis said. He stated that China is in the throes of a revolution and it may take a quarter of a century to accomplish the task proposed by her most intellectual citizens. Many difficulties stand in the way of making China a true republic. Among them are the density of population, the susceptibility to food shortages and famine, and the ignorance of the people concerning republican ideals.

Bishop Wilson expressed high hope for the future of the Chinese nation, both politically and religiously.

Name Committees.

Dr. E. G. Richardson, of Brooklyn, N. Y., was elected chairman of the committee on book concern, which is charged with the publishing interests of the church. Other committees include:

Education: Dr. E. P. Robertson, South Dakota.

Freemen's aid: Dr. F. M. Larkin, Southern California.

Temporal economy: Rolla V. Watt, California.

At the opening session the "apostle's creed" was read by the delegates in seven foreign languages.

Bishop Joseph F. Berry presided at the first session. In his address he said the delegates must keep in mind that the church is not an American institution only, but a "world church."

"Legislation here must be so framed as to fit the human needs of Asia and Africa," he continued. He called attention to problems of re-adjustment.

Resolutions were adopted calling on the Republican and Democratic parties to adopt at their national platform a plank favorable to the enforcement of the obedience to the prohibition laws and amendments of the country.

BLAMES SOLDIER DIVORCES ON LACK OF GOVT. BONUS

(By International News Service.)

CINCINNATI, Ohio.—Most divorces in cases where American soldiers were bridegrooms are due to the financial affairs of the husband as a result of a lack of proper consideration during the period of reconstruction," said Judge Charles W. Hoffman, nationally known court judge of this city, in a statement issued here.

Judge Hoffman declared the government should have assisted these men to positions which would enable them to provide the comforts of life for their young wives.

"I believe if Uncle Sam had placed his holders on their feet again so that the wife could see something besides a life of struggle and poverty as her future, many of these domestic difficulties might have been avoided, he said."

SET DATES FOR WATER HEARING

Series to Be Held Throughout Weber County During the Week

Announcement of a series of county hearings at which property owners in the respective communities will discuss water allotments under the proposed Weber county irrigation district with committeemen of their own towns, and also of the series of hearings to be held by the county committeemen in the court house, all to be held during the coming week, was made yesterday by County Agent W. Preston Thomas of the Weber county farm bureau.

In the following schedule for county hearings, meeting with committee members will be held in the various communities as shown:

Monday, 9 a. m.—Harrisville; 1:30 p. m.—Warren.

Tuesday, 9 a. m.—Plain City; 1:30 p. m.—Plain City.

Wednesday, 9 a. m.—West Warren; 1:30 p. m.—Slaterville.

Thursday, 9 a. m.—Roy; 1:30 p. m.—Roy.

Friday, 9 a. m.—Uintah; 2 p. m.—Liberty.

The following hearings will be held in the court house, committees and owners from the various districts appearing on the dates shown:

Tuesday, 10 a. m.—North Ogden; 2 p. m.—Pleasant View.

Wednesday, 10 a. m.—Taylor; 2 p. m.—West Weber.

Thursday, 10 a. m.—Kanesville; 2 p. m.—Hooper.

Friday, 10 a. m.—Harrisville; 11 a. m.—Warren.

Friday, 2 p. m.—Plain City.

CHICAGO PHYSICIANS MAY HAVE CURE FOR LEPROSY

(By International News Service.)

CHICAGO.—Has the dread plague of leprosy, regarded for many centuries as the most loathsome disease known to man, at last been conquered by modern medical science?

Physicians at the Cook County hospital here have hopes that it has, and give credit to the King of England for a preparation they have used in treating two cases of the disease now in the hospital.

The two lepers now undergoing treatment are a negro and a young Serbian. The former has been under medical care for two months, and to all appearances, is rapidly recovering from the disease. The latter was so affected by the disease when he was admitted to the hospital last November that he was unable to walk, but now, except for a slight stiffness in both feet, seems to be as well as ever. Injections of sodium glycinate are the chief basis of the treatment used, a discovery of the British king's chemist. It is said to have been used successfully in combating leprosy in India.

Peanuts are the source of a new milk substitute which, like milk, will sour, curdle, produce buttermilk when churned and may be made into cheese.

MEXICANS MOVE TROOPS NORTH

Large Body of Federals Is Reported Marching Against Rebel Forces

EL PASO, Texas, May 1.—General Dieguez is en route north with a large body of federal troops, according to a telegram received here today by Mexican General Ruiz Sandoval. Friday General Dieguez was at Irapuato, Guanajuato. He reported, in his message via Laredo, that all the central districts of the republic are quiet and all federal troops in Coahuila and Nueva Leon loyal. He denied any signs of revolt in Durango.

Emilio Salinas, provisional governor of Chihuahua, was reported safe by Senor Sandoval, who said Salinas left the capital at the time of fighting between the loyal and revolting forces. From other sources it was learned Salinas was en route to Juarez.

The train on the Mexico Northwest, scheduled to leave Juarez last night for Pearson, did not go out. It was reported that General J. G. Escobedo, Juarez district commander, prohibited its departure.

Federal authorities would not deny that Chihuahua City was in rebel control.

A report from the Obregon factions here was that General Urbalejo, who has been in command of 800 Yaquis at Casas Grandes, was en route to Juarez fearing assassination at the hands of Yaquis in sympathy with Obregon.

The Sonora Junta gave out a statement claiming that Pascual Ortiz Rubio was in possession of Morelia, capital of Michoacan, with a well organized army.

Flees From Revolt.

That Colonel Augustin Mora, commander of the Juarez garrison, who hurriedly crossed the international line here shortly after midnight, is fleeing Juarez because of anticipated revolt in that city was the claim today in anti-Carranza circles here.

It was announced that Colonel Mora had been called to Mexico City by the illness of his wife. Other reports, however, said Senor Mora was in Chihuahua City.

Previous reports that Col. Mora and J. Gonzalez Escobar, Juarez district commander, were divided on the question of revolt were denied in Juarez. These rumors said Escobar favored rebellion while Mora was determined to remain loyal.

Officers Are Freed

NOGALES, Ariz., May 1.—Generals Juan Jose and Manuel Gamboa, with their staffs, comprising forty officers who have been detained here for about a month by the United States immigration service, left here today for April, New Mexico, where they were to be met by Carranza adherents in automobiles stationed across the international line there, to be conducted thence to Mexico City.

DANISH SCIENTISTS HONOR AMERICAN

Through efforts of the Red Cross the baby, who has been snatched from its mother for over a year, was started on his long ocean voyage across the Pacific. He was met by a representative of the Red Cross in San Francisco and prepared for the last leg of his long journey from Vladivostok to Colorado.

YOUTHFUL TRAVELER ESCAPES PERILS OF TRIP

(By International News Service.)

HAYDEN, Col.—After traveling approximately 7,000 miles alone, three-year-old Shiro Chakirido is safely in his mother's arms here, while the lad's stepfather, Louis Charos, ex-soldier, is tilling the soil on a 320-acre lot upon which the little family of three expect to spend their remaining days.

Draws Like Hot Flax-Seed Poultrice

HEALS STUBBORN OLD SORES FROM BOTTOM UP.

Just like a hot flax-seed poultrice, Allen's Ulcerine Salve draws out poisons and germs from boils, sores and wounds and heals them from the bottom up. It heals in one-third time that common salves and liniments take.

Allen's Ulcerine Salve is one of the oldest remedies in America, and since 1858 has been known as the only salve powerful enough to reach chronic ulcers and old sores of long standing. Because it draws out the poisons and heals from the bottom up, it seldom leaves a scar, and relief is usually permanent. At all druggists or by mail, 65c; book free. J. P. Allen Medicine Co., St. Paul, Minn.

Ira Davis, Avery, Texas, writes: "I had a chronic sore on my foot for years and doctors said it would never heal without scraping the bone. One box of Allen's Ulcerine Salve drew out pieces of bone and lots of pus, and it healed up permanently."—Adv.
